

What's new?

- **Small Animal Science:** This entire library has been reviewed, with more PowerPoints, puzzles and worksheets. Topics include dogs and cats, small mammals and pocket pets, and exotics including amphibians, reptiles and birds.
- **Ag Issues:** Look for updated statistics and additional extras as we work through a revision of all lessons in this library. The following units have been updated: Understanding Ag Issues, Animal Issues, and Food Safety Issues.
- Twenty-one lessons were reviewed to update information from the recently released Census of Agriculture.

Why AgEdNet.com?

1. Trusted quality agriculture lesson resource since 1994

Includes: PowerPoints, vocabulary crossword puzzles, worksheets, assessments, exercises, teacher's guides; prescreened lesson internet resources and vocabulary glossaries for each lesson library

2. Twenty libraries of content, over 1250 lessons
